

Creating Your Avatar Client

www.vibewithshannon.com

Creating your avatar client is a manifestation tool that helps you tune into the energy of the type of clients that you want to attract. Then the universe matches the energy and brings those types of clients into your life.

1. What does your client look like physically? What kind of clothes does he/she wear? Hair style? Hair color etc?

2. What personality type does your client have? Are they funny? Easy going? Easy to talk to? Friendly?

3. What kind of lifestyle do they live? Do they love health and wellness? Are they spiritual? Active?

4. Why are your clients attracted to you? What makes them want to book with you? How do you relate to each other?

5. What type of career do they have? How much money do they make? Can they easily afford alternative health practices?

6. How important is healing to your client? Are they committed? Will they do the ongoing care that you suggest?

7. How often do they rebook with you? Do they buy your other products and services?

8. How does it feel to have such wonderful clients?

10. Now that you created your perfect client energetically, spend some time brainstorming how you can be creative with this energy. When you create content, create for THIS client. Speak to THIS client when you post on Instagram and Facebook. You will start to attract clients that are vibing the same energy of this avatar client and transform your business!
